Conditions

Draft

Overview:

Mandatory/Expected Conditional data elements are normally optional, but become mandatory/expected under conditions
established by the receiver. If the defined condition exists, the data element becomes mandatory/expected and
the customary rules apply (the data element must be present and must be a valid format or the transaction
will be rejected or a TE is sent). The following represent the Me WCB data elements that are mandatory/expected
conditional and the conditions that apply.

Data Element Number	Data Element Name	Description	Other Elements Tied to
DN0019, DE0020, DE0021, DE0022, DE0023	Employer Physical Address Information	Physical address for employer if different from employer mailing address information	Expected if different from DE0165, DE0167, DE0168, DE0169, DE0170
DE0249; and DE0120, DE0121, DE0122, DE0033, DE0123, or DE0119	Acciddnt Site Address	Address where accident occurred	Expected if loction of accident was not on employer's property, different than DE0167 or 0023. DE0249 = "L" or "X"
DN0056	Initial Date Disability Began	Date that compensable lost time began	DN0074 = "I" or "L"
DN0057	Employee Date of Death	Death of employee regardless of DN0146 code	DN0146 populated
DN0146	Death Result of Injury Code	Code that indicates if employee death was work related	DN0057 populated
DN0068	Initial Return to Work Date	If the injured worker has returned to work, enter the Return to Work Date.	DN0074 = "I" or "L" and must be greater than DN0056
DN0042	Employee SSN		When DN 0270 Employee ID Type Qualifier = S, then mandatory

			When DN 0270 Employee ID Type Qualifier = E, then mandatory
DN0152	Employee Employment Visa		
DN0153	Employee Green Card		When DN 0270 Employee ID Type Qualifier = G, then mandatory
